

Write a dialogue with your pen-friend about music. Ask your friend about her/his favourite band, singer, musical style. How she/he gets her/his music, when she/he listens to music, ask about his/her favourite song and why it is special.

- A: Hi Sarah, tell me what kind of music do you like?
- M: It's difficult to say. I listen to all kinds of music: pop, rock, techno. Even to classical music. You see, I love music. I can't do without it.
- A: So who is your favourite singer?
- M: I don't have any favourite singer or band, but I have some favourite songs I like listening to.
- A: When do you listen to music?
- M: On the bus when I go to school and then come home. I usually wear my headphones and listen to loud music. Sometimes I also sing along to my favourite tunes. It helps me relax after school.
- A: What about the lyrics? Do you listen to the lyrics?
- M: Sometimes, but I don't care about the lyrics. Most songs are about love.
- A: And how do you get your music? Do you buy CDs?
- M: My parents have a big collection of CDs, but I get my songs from the Internet. I use Spotify on my mobile phone. They have a lot of songs which you can download.
- A: Do you ever go to concerts?
- M: Not really. The tickets are expensive, but I like watching the concerts on TV.
