

AN INSPIRING PROJECT

Write a text about an inspiring project you have heard, describe it and say how it has benefitted other kids.

I recently heard about the inspiring project called "Kids Helping Kids in Ukraine". It was started in September 2022 by a group of teenagers in one of the schools in Vienna. They would like to help children and teenagers who live in Ukraine. The goal of the project is to collect clothes, toys and sweets to help these children.

The teenagers visit different schools in Vienna and talk to other children about the importance of helping Ukraine. They talk about their project and explain how everyone can contribute. They also created a website and social media accounts to present their project and they also set up a bank account for parents who want to make a donation.

The project has been very successful. Through the project, they have raised money and collected a lot of second-hand clothes and toys. They sent them to the children in need in Ukraine. It has brought joy to many young people there.

The inspiring project "Kids Helping Kids" has benefitted many children. It has shown that young people everywhere can make a difference. It has also inspired many other teenagers to get involved in helping others.
